

## **Brief History of New Dimension Community Church**

(a Full Gospel Baptist Church Fellowship Church)

New Dimension was founded June 1st, 2006, by Pastor Harold Wilson with 20 founding members. The church first gathered at the CC Augustus Community Center on North Green Street in Tupelo MS. As the congregation began to grow, the church relocated to a former store located at 1604 West Main Street. New Dimension met at this location for nearly five years. New Dimension continued to grow. With plans to build its own facility, the church purchased 7 acres of frontal property on Eason Blvd near the Tupelo ICC Campus. As New Dimension was forming its plans to build, the Whitehill M.B. Church on Canal Street in east Tupelo was experiencing tremendous growth and was in the process of looking for property to build a larger facility to accommodate their explosive growth. New Dimension's 7 acres was ideal for their plans. So, to the benefit of both congregations, an agreement was made between the churches that New Dimension would sell Whitehill their 7 seven acres for them to build their new church and Whitehill would give New Dimension exclusive first rights to purchase their facilities on Canal Street. When Whitehill completed the construction of their new facility, New Dimension purchased the former Whitehill Church building that was fully furnished and had plenty of space for New Dimension to settle and grow in. In September of 2013, New Dimension moved into their newly purchased church. Since then, the congregation has grown and has expanded its ministry footprint in the Tupelo community. Currently, New Dimension with a membership of over 250 and average weekly attendance of 175 and a Wednesday night attendance of nearly 100 young people, is poised for years to come to grow and carry forth its Divinely felt call of "Moving people from where they are to where God wants them to be – to a New Dimension."
